Remember in Prayer

June 14, 2020

Please call the church office, 226-1248, to help keep the prayer list updated by adding and deleting names as needed. Names will be left on list for two weeks unless notified otherwise. Use this list as a reminder of individuals whom God would have you to pray for or contact.

1. **See separate prayer list entitled "Coronavirus-related praying".**
2. **All military personnel serving in foreign lands and at home.**
3. **Sarah Williams** - She got the report on the scan of her liver, and the doctor said that the tumor is the same size, which is not good. She also has small lesions in her lungs, but there is some hope that these will not need to be treated. She also has a growth in her lymph nodes. She is to be put on an intravenous drug for treatment next week. Doctors will do another scan later in the summer to see how she is doing. Jerry and Sarah need our prayers as they put all of this in the Lord's hands.
4. **Eleanor Hipp** - She fell Saturday, May 30, and broke her right arm. She saw the orthopedic doctor Thursday, June 11, and they will wait 3 weeks to see if her arm heals. If it hasn't healed she will have to have surgery but the doctor is optimistic that it will heal.
5. **Mike Graham** - He is left rehab Friday, June 12, due to rehab not being given on weekends and that he is to have knee surgery on his knees on his veins Monday. He can't return due to COVID-19 RULES. Then he will start process to have left knee replacement. Next week home health care will work on legs and rehab in house. Mike appreciates all the prayers and requests everyone to continue to pray.
6. **Thomas** (Sarah Williams' brother) He is in the Greenville Hospital in Isolation and would appreciate prayers.
7. **Linda Bridges** (friend of Kathy Bell) She is doing better after she was taken to ER in Anderson Tuesday, June 2. The AMV in her brain was bleeding and she was having stroke-like symptoms, but it is not a stroke. This is a very serious time for her.
8. **Joan Bagwell** (sister of John McKinley who lives in Taylors) She has a spot on her brain the size of a golf ball and may have had a mini-stroke. She also has a problem with her kidney that she needs to have doctor take care of before they can address the problem on her brain.
9. **Charlene Burnette** (sister of Sarelle McKinley) She has had heart problems and had to receive a stent Tuesday, May 19.
10. **Dave Menzel** (son-in-law of Mary McMichael) He recently had a stent put in and is about to start chemo again for his cancer.
11. **Casey Menzel** (24-year-old granddaughter of Mary McMichael) She has down syndrome and the interruption of her adult day care schedule by the coronavirus circumstances has been very hard not only on her but also on her parents as they try to take care of her.
12. **Andy Bell** - His checkup in Augusta went very well Thursday, May 21. His right carotid artery (the one that he had surgery on in February) is clear and the doctor was pleased. His left one has a 60% blockage and the doctor wants to keep a check on that one so he will return in 4 months.
13. **Sue McKee** - She had her cancer checkup Monday, May 18. More pressing to her, however, is the trouble she is having with her arm and leg and hardly being able to walk at times. Her hand has gotten worse so that she is unable to close it.
14. **Carol Thrasher** - She continues to recover well from her oblation surgery.
15. **Martha Poore** (mother of Donna Hammond and Amanda Vancil) Her problem with her legs has not improved, but they are continuing to try to get her into NHC
16. **David Patterson** - He had two biopsies on his lung. There was no sign of cancer from these. However, he is experiencing what the doctor is calling lung paralysis so they are waiting to see what the doctor wants to do next.
17. **Josephine Reed** - She is back at the nursing home following having been at the hospital in Greenville. She's doing much better. Joey calls the nursing home several times a day, but not being able to physically check on her is very scary.
