Update on Church Building and its Use

As you know, despite having to navigate through the problems associated with our water leak problem in our church facilities, we, nevertheless, basically have all our church meetings here operating according to the regular schedule.

We are at the point that we have all the sheet rock back up. However, though we are making faster-than-first-anticipated progress, it is still necessary to have those Sunday school classes that normally meet in the fellowship hall area to meet in other areas of our church facilities. As before, your Sunday school teacher will know where that alternative meeting place is. All other Sunday school classes will meet in their regular Sunday school classrooms.

Thank you for continued patience.

DEACON OF THE WEEK
